Psychology Guide

Our psychology guide contain articles about the basics of psychology. Classic experiments, background and theory.

- Biology
  - Biological Psychology [1]
  - Brain Development [2]
  - Lobes of the Brain [3]
  - The Central Nervous System [4]
  - The Peripheral Nervous System [5]
  - Types of Neurons [6]
  - Neural Transmission [7]
  - Synaptic Transmission [8]
  - The Autonomic Nervous System [9]
  - The Visual System [10]

- Wakefulness and Sleep [12]

- Eating and Drinking [13]

- Sexual Development and Human Behavior [14]

- Neural Pathways of Smell, Taste, and Touch [15]

- The Endocrine System [16]

- Biological Control of Movement [17]

- Language and Lateralization [18]

- Biology of Learning and Memory [19]

- Heredity [20]

- Sensation

  - Sensation and Perception [21]

  - Senses [22]

  - Psychophysics [23]

  - Theoretical Approaches to Sensation [24]

  - Sensory Adaptation [25]

  - Sensory Receptors [26]

  - Vision: Retina [27]
Image Forming Process [28]

- Vision: Color Theories [29]

- Measures of Visual Sensation [30]

- Hearing [31]

- Theories of Hearing [32]

- Somatosensory System [33]

- Sensory Overload and Deprivation [34]

- Sensory Processing Disorder [35]

- Smell [36]

- Taste [37]

- Touch (Tactile) [38]

- Skin Senses: Temperature [39]

- Perception

  - Features of Perception [40]

  - Sensory Coding [41]

  - Selective Perception [42]

  - Selective Attention [43]

  - Extrasensory Perception [44]
Top-Down VS Bottom-Up Processing

- Gestalt Laws: Form, Continuation, & Common Fate

- Gestalt Laws: Similarity, Proximity and Closure

- Visual Integration Skills

- Visual Spatial Skills

- Visual Analysis Skills

- Illusion

- Types of Illusion

- Optical Illusions

Memory

- Priming

- Classification of Memories

- Declarative Memory

- Explicit Memory

- Implicit Memory

- Semantic Memory

- Episodic Memory

- Autobiographical Memory
Procedural Memory [62]

- Memory Storage [63]
- Atkinson-Shiffrin Model [64]
- Sensory Memory [65]
- Short-Term Memory [66]
- Long-Term Memory [67]
- Retrieval of Memories [68]
- Forgetting [69]
- Retrospective Memory [70]
- Prospective Memory [71]
- Levels of Processing [72]
- Working Memory Model [73]

- Learning
  - Habituation [74] - The "Get Used to It" Concept
  - Sensitization [75] - Learning through Senses
  - Classical Conditioning [76] - The Most Basic Type of Associative Learning
  - Operant Conditioning [77] - To Reward or To Punish?
  - Cognitive Learning Theory [78] - Using Thinking to Learn
  - Social Learning Theory [79] - Albert Bandura
Social Development Theory [80] - Leo Vygotsky

○ Socialization [81] - Adapting One`s Culture

○ Neuroplasticity [82] - You and Your Adaptive Brain

○ Learning Domains [83] - The Three Levels of the Mind

• Thinking

• Intelligence

○ What is Intelligence? [84]
○ Binet and the First IQ Test [85]
○ Spearman and the Theory of General Intelligence [86]
○ A Deeper Look at the G Factor [87]
○ How Valid is the G Factor of Intelligence? [88]
○ Stroop Experiment [89]
○ Shaping and Improving Human IQ [90]
○ Fluid and Crystallized Intelligence [91]
○ Competing Theories of Human Intelligence [92]
○ Group Differences in Intelligence - Gender [93]
○ Group Differences in Intelligence - Race [94]
○ The Bell Curve Controversy [95]
○ Modern Misconceptions about IQ Testing [96]
○ Intelligence Testing: Criticisms [97]
○ The Ethics of IQ Testing and the Advent of "Intelligent Testing" [98]
○ Explaining IQ: Nature, Nurture, or Both? [99]
○ How IQ Tests are Scored [100]
○ Emotional Intelligence [101]
○ Intelligence and Creativity [102]
○ The Future: Broadening Our Understanding of Intelligence [103]

• Emotion and Motivation

○ Biology of Emotion [104]

○ Nature of Emotions [105]

○ Categorization of Emotions [106]

○ Measuring Emotions [107]
Sociology of Emotion

- Schachter-Singer Theory of Emotion
- Cannon-Bard Theory of Emotion
- James-Lange Theory of Emotion
- Emotion in Psychotherapy
- Motivation and Emotion
- Intrinsic and Extrinsic Motivation
- Drive-Reduction Theory
- Cognitive Theories of Motivation
- Incentive Theory of Motivation
- Process of Motivation
- Instinct Theory Of Motivation
- Two-Factor Theory of Motivation
- 16 Basic Desires Theory
- Maslow's Hierarchy of Needs
- Motivation in Psychotherapy

Development

- Bowlby Attachment Theory
- Zone Of Proximal Development
Cognitive Development [126]

- Moral Development [127]

- Ecological Systems Theory [128]

- Erikson's Psychosocial Model [129]

- Childhood Temperament [130]

- Nature and Nurture Debate [131]

- Social and Emotional Development in Children [132]

- Self-Concept Theory [133]

• Personality

  - Biology of Personality [134]

  - Personality Type Theory [135]

  - Psychodynamic Theory of Personality [136]

  - Behaviourism and Personality [137]

  - Humanistic Perspective [138]

  - Personality Trait Theory [139]

  - Social Cognitive Theory [140]

  - Culture and Personality [141]

  - Personality Assessment Tools [142]
Stress and Coping

- **What is Stress?** [143]

- **General Adaptation Syndrome** [144] (Hans Selye)

- **Physiological Stress Response** [145]

- **Psychological Theories of Stress** [146] (James-Lange, Cannon-Bard and Schachter-Singer)

- **Stress and Cognitive Appraisal** [147] (Lazarus)

- **Social Support and Stress** [148]

- **Individual Differences - Stress Response** [149] (Type A/B-personality, Hardiness, Self-Efficacy)

- **Gender, Culture and Stress Response** [150]

- **Knowing Your Stressors** [151]

- **Stress and Coping Mechanisms** [152]

- **Theories of Coping** [153]

- **Stress Management** [154]

- **Traditional Stress Therapies** [155]

- **How does Stress Affect Performance?** [156]

- **Three Different Kinds of Stress** [157]

- **Overwhelming Stress: The Warning Signs of Burnout** [158]
Stress and Illness: Psychological Stress-Related Disorders
